

Apple Picker Game

Copy and cut out apples (use heavy paper or card stock for durability or laminate). Copy one of the whole apples for each song. (For a simple song pick game, only copy the apples with the #. Then number an apple for each song. Follow directions below to play the game.) Cut out the half apple, apple core, apple pie and wormy apple, apple juice and candy apples and glue one to the back of each whole apple image you have copied. Number each apple and have a song list with songs for each numbered apple. Display apples in a basket or on or tree branch or image of a tree. As children pick the apples, sing the song in the way indicated on the back of the apples! Have fun!

You shared your apple!

Sing with a smile!

**You ate your apple
and it's gone!**

**Sing with a
sad face**

Your apple was made
into juice. Yum!
Lead the music with
your straw!

You made
candy apples!
They're so good
you sing out loud!
