

## Optional Net for the Fishing or Ice Fishing Game:

Find the games at [www.soundsofsortomme.com](http://www.soundsofsortomme.com) under primary Music Helps. Use a real fishing net or a butterfly net if you have one, or make this one and keep it with the game.

You need: 2 large craft sticks

Hot glue and hot glue gun

1 clear sheet proctor or  
gallon sized zip lock bag

Clear tape and double stick tape

2 copies of net (below) printed on card stock

Cut out net (put double stick tape on the back to secure) and slip into sheet protector or bag mouth of the net up so it opens. Fold excess plastic to back of net and tape forming a net with an opening. Hot glue two craft sticks together to form handle one on each side of the plastic. If desired use the second copy of the net to glue to the back of the net to cover the taped plastic. Now you can put the fish caught in the net during the game. You can store pieces and directions in a 2 gallon ziplock bag.
